

# Lake Wylie Fireworks July 4th

---

Lake Wylie, SC 29710

The 2018 Event Dates and Planned Activities  
The fireworks are always shot on the 4th from Camp Thunderbird at dark (just a little after 9:00). The best viewing spot is on the water in the main channel south of Buster Boyd Bridge. The best place on land would be at the Red Fez club but I believe you have to be a member but not 100% sure. McDowell Park probably isn't the best option but it is open to the public. There is a grass area between T-Bones and the boat landing but be aware that it gets very busy there w people and it will fill up early. Also be aware that after the fireworks the traffic, on and off the lake, will be very heavy leaving. The SC highway patrol, York County Sheriffs, CMPD, DNR, Wildlife and Gaston County Police will also have a very heavy presence on and off the water, and don't rule out the Coast Guard making an appearance too. So please be safe, don't drink and drive and be aware of others! Let's enjoy!! Happy Independence Day!!!! For over 50 years Lake Wylie has celebrated our Independence Day with this spectacular show. People from across the region come together and enjoy the display. What most don't know is that the display is funded solely through individual donations from the community and small businesses. Your support of this wonderful event is really needed in order for the event to continue. Please send your contribution in any amount now to:

Camp Thunderbird Fireworks Fund  
One Thunderbird Lane  
Lake Wylie, SC 29710

Thanks very much for your support!
